Ecological Consequences of Climate Change 2012: A Roberts Environmental Center Annual Snapshot

By J. Emil Morhardt

Roberts Environmental Center. Paperback. Book Condition: New. Paperback. 232 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. This is the ninth of the books published by the Roberts Environmental Center on various aspects of global climate change, analyzing and summarizing a selection of the papers published in scientific technical journals over the previous year. It deals with a small subset of the biological and ecological topics that could be covered, but deals with them in enough depth that the reader should come away with a clear view of the magnitude of the potential problems associated with anthropogenic (man-made) global warming from burning fossil fuels and the subsequent climate change. I write this contemporaneously with the 2011 United Nation climate talks being held in Durban, South Africa. The mood in the climate community is not particularly good; climate change has largely been eclipsed by global economic uncertainty in the public mind enough so that you hardly hear anything about it from the Republican candidates who have been debating seemingly weekly all fall, and many of whom in previous years would have been strongly denouncing the very idea of anthropogenic climate change. But to the extent that it is in the public mind, the recent...
