Knowledge of those laws is what allows us to accomplish anything in life. Our spiritual and religious life is no different. Spiritual awakening is also managed by laws in nature. On every level of existence, there are basic facts that manage creation, development, decay, and death. Our consciousness or soul is no exception to these facts, and by knowing about them, we can achieve our complete development as a human being. Samael Aun Weor explains the fundamental laws and energies that we need to consciously harness in order to reach our full potential. These are the same energies that fuel the creation of any organism, from the smallest atom to the most expansive universe. The human being is called to be a radiant king or queen of nature, but to arrive at that level, one must know how.
