

Introduction to Ethics (Paperback)

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

(Dr. Lukas Hills DDS)

INTRODUCTION TO ETHICS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Dr. Thilly, Professor of Philosophy in the University of Missouri, has made distinctive additions to English philosophical reading by his translations of Weber s excellent History of Philosophy and of Paulsen s System of Ethics, and he now appears before the public as an independent author of an Introduction to Ethics, a work which upon the face of it makes no higher pretension than that of being a text-book, but as such is simple and clear, accurate in its analyses of past and current systems, and showing much common sense in its modes of exposition. In his first chapter, Professor Thilly treats of the nature and methods of ethics. He discusses here, first, the function of science, in a manner which in our opinion does not altogether do justice to the subject, even within the limited space devoted to it. He then considers in a general way the data of the various sciences, afterwards taking up the data of the science of ethics in particular, and defining ethics roughly as quot;the science of right and wrong, the science of duty, the science of moral principles, the science of moral judgment and conduct. It analyses, classifies, describes, and explains moral phenomena, on their subjective as well as on their objective side. It tells us what these phenomena are, separates them into their constituent elements, and refers them to their antecedents or conditions; it discovers the principles upon which they are based, the laws which govern them; it explains their origin and traces their development. In short, it reflects upon them, thinks them over, attempts to answer all possible questions which may be asked with reference to them....
