*****.When Evie Bradley agreed to fly to Franklin, Tennessee, to help her recently divorced daughter, Alex, out with childcare while she was tied up with an important legal case, Evie wasn't expecting anything more than to spend a little time with her family. Then, she met James McGavick, the arrogant man who lived next door. At first, the only sparks that flew between Evie and James were over the children, but it wasn't long before there were sparks of an entirely different kind flying between them, and while Evie found herself falling hard and fast for James, he'd made it clear that he was only interested in enjoying the time they were spending together while you're still here. Could she spend time with the handsome widower strictly on his terms? Would she be able to just walk away when the time came to go back to Connecticut? Or would she go home with a broken heart?.
