Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book contains plain talk about a simple event that often sounds complicated. The reason I m publishing this is to give seniors who have accumulated fewer assets than traditionally thought necessary for retirement, a fresh perspective. Experts say about 80 of the Baby Boom generation is at risk of running out of money before they die. AARP says that 40 of them plan to work until they drop. All their lives, their sheer numbers have caused change in every aspect of American society. Traditional retirement will also change as the Boomers enter this space. Deploying insufficient nest egg assets using counter intuitive methods will prompt tens of millions of them to retire with a savage defensive posture that can provide safety and security until the end. This book is not about investment strategies, allocation methods or subjects that many financial books cover in detail for the scant minority of Boomers who have accumulated sufficient savings to retire in style. It s for the rest of us with insufficient savings that traditional guidelines suggest will run out before we die. If the traditional odds indicate that 80 of us are at risk of running out of money before we die, obviously we don t want to be running with that crowd - using the traditional guidelines. Am I right? From my perspective, I believe a majority of the at risk Boomers can beat the odds and retire safely, and I intend to be one of them. I ll share so you can too. This is a very skinny book. It s not a literary masterpiece by any stretch of your imagination, its beauty is in its brevity, its...
