Gods and goddesses of love are now contemplating retirement. In a world filled with love, the gods have started feeling a sense of redundancy. But they are also happy that they can go into peaceful retirement and start practicing what they learned from the earthly goddesses and gods. The nine short stories along with a series of improbable dreams deal with the psychology of love, romance, and amour. Revolving around complex relationships that exist between men and women, the stories encapsulate different moods-fantasies of a young woman and a young man, intimacy, misunderstandings and realizations, the crests and troughs of relationships, heart-touching emotions, and unconditional love.
