

To Marry or Not to Marry: A Strategic Decision Analysis of Getting Engaged (Paperback)

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

(Mitchell Kuhn III)

BookBaby, United States, 2015. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. How many of us have heard, When you find the right man or woman, you ll just know! What does that really mean? What if you only think you know or want to feel like you know? Can you want the feeling to be there so badly that you artificially create the feeling of knowing? And what if you make this very important decision based upon a false knowing or an illusion of a feeling? There are too many important factors and variables to consider and, without structure, the thoughts of marriage and compatibility become confusing and sometimes overwhelming. The author explains a comprehensive method to address and measure the elements vital to the decision of getting engaged. After years of analysis, it has been condensed into Five Questions that dramatically increase the likelihood of a happy and successful marriage. Each is a question that you must ask yourself about your mate and the answer must be Yes to all five questions. This takes a lot of courage to look at the hidden truths, so good luck!.
