New Century Publications, New Delhi, 2011. Hardcover. Book Condition: New. First. 19 cms. 410pp. After the initiation of economic reforms in 1991, the Indian economy has been growing faster than its historical growth rate. The present volume contains 26 research papers authored by scholars on Indian economic policy. 14 papers are devoted to national economic issues and challenges while the rest 12 papers deal with state level economic problems and their solutions. The analytical approach of the contributors provides...
