Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, American Colonies: The Settlement of North America to 1800: v. 1, Alan Taylor, "American Colonies" starts with the earliest years of human colonization of the American continent and environs with the Siberian migrations across the Bering Strait 15,000 years ago. It ends in around 1800 when the rough outline of the contemporary North America could be perceived. Dropping the usual Anglo centric description of North America's fate, Taylor brilliantly conveys the far more vivid and startling story of the competing interests - Spanish, French, English, Native, Russian - that over the centuries shaped and reshaped both the continent and its 'suburbs' in the Caribbean and the Pacific. It is one of the greatest of all human stories.
