Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Cause of World Unrest On the ground of its intrinsic historic importance, and of the widespread interest it has attracted on the other side of the Atlantic, there seems to be good warrant for the publication of an American edition of The Cause of the World s Unrest. The American publishers desire to make clear, however, that they do not accept responsibility for the soundness of the conclusions presented in this volume. They have issued the book because of their belief that the American reading public should be afforded an opportunity of examining the material. It is the contention of the author that certain of the plans for domination outlined in the documents upon which his volume is based have apparently been followed in the recent movements in Russia.
