When the ER doctor told him he might or might not survive, he realized that, one way or another, life as he knew it was over. Stu traces the journey of a man facing the new reality that though much of what he loved was gone, yes, he might still be able to live a long and happy life-if he methodically changed his approach to the things he d always taken for granted. Over the course of weeks, months and years, Stu says goodbye to the habits he s used to and rebuilds them all from the ground up-his work, his eating, his physical activities, even his hobbies and relationships. And along the way, he learns that happiness isn t exactly what he thought it was.
